.22 TACTICAL RIMFIRE

COLT® IS A LICENSED TRADEMARK OF NEW COLT HOLDING CORP. Made by Carl Walther, Germany.

FULL METAL CONSTRUCTION

1911 .22 LR

.22 Rimfire

THE PISTOLS OF THE 1911 .22 LR platform licensed and tested by COLT are authentic COLT Government models. All operating elements function like the original. The precise production allows the use of aftermarket accessories. An outstanding feature is the slide – it is CNC-machined from high-quality aluminum, thus less loaded ammunition can be utilized without issue.

The following models are available:

- 1911 Government A1
- 1911 Government Rail Gun
- 1911 Gold Cup Trophy

Full Metal Body

Upper and lower receiver made of high quality aluminum.

Tactical Railing

Made of CNC machined high-grade aluminum to accommodate a wide variety of tactical accessories with Picatinny-style mounts.

Straight-line Construction

Disperses recoil straight back to the shoulder which increases handling capabilities.

Cartridge Case Deflector

Allows easy operation in both right- and left-hand shooting positions.

Muzzle Compensator

Further reduces muzzle climb and helps eliminate flash and dust signatures.

Ejection Port Cover

Protects the chamber from debris when gun is not in use.
